

Cimarron Church of the Nazarene Camp Participation Policy

We love camp and consider it to be a great extension of our local ongoing ministries. Age specific camps are offered to students in elementary school, junior high, and high school. We require any student wanting to participate in camp to attend a weekly ministry (Wednesdays or Sundays) during the school year prior to camp and be in attendance roughly 60% of the time. We also allow students who have been part of the local church family for a significant portion of their life to attend camp. Our goal isn't to exclude, but to be the most effective in ministering to each student God has placed in our care.
